About

Motion Designer with 20+ years of experience creating visually striking motion graphics and video edits.

My creative toolkit includes Adobe After Effects, Premiere Pro, Illustrator, and Photo-shop, with additional experience in Cinema 4D and Figma.

I'm meticulous about organization and passionate about developing motion styles that align with each brand's tone and visual identity.

I bring a solution-oriented, detail-focused approach to every project. I also stay up to speed with emerging trends, tools, and techniques constantly learning to level up my craft and deliver work that connects with audiences.
